PRODUCT DESCRIPTION

The Studio 1800TIII is an elegant 2.0 speaker system, with a high gloss, piano finish. The Studio 1800TIII produces 70W RMS from the 4 inch bass driver and 19mm tweeter. Each speaker has a front facing bass reflex port, further emphasizing robust bass notes. Volume, bass and treble adjustment dials are located on the active speaker to suit personal tuned tastes. A simple remote control allows ease of control for volume and power. The Studio 1800TIII also incorporates DRC and DSP to keep distortion at a minimum even at the highest volumes. Connect the Studio 1800TIII to your audio source using one of the two RCA input options.

FEATURES

• Active bookshelf speaker system with 70W total power output
• Dual RCA inputs for connectivity to multiple audio sources
• Side panels with high gloss piano finish
• Bass, treble and master volume controls located on the rear panel
• Professional amplifier system with Digital Signal Processing (DSP) and Dynamic Range Control (DRC)
• Class D amplifier with 4inch bass drivers and 19mm silk dome tweeters
• Wireless remote control with mute and volume adjustment
• 100% MDF wooden enclosure to minimize acoustic resonance
• Universal 100V-240V power supply

SPECIFICATIONS

Total power output:	RMS 16W × 2 (treble) + 19W × 2 (bass) (DRC ON)
Signal to noise ratio:	≥85dBA
Frequency response:	65Hz ~ 20KHz (+/-6dB)
Distortion:	≤0.5%
Channel Separation:	≥45dB
Input sensitivity:	PC: 700mV ± 50mV | AUX: 550mV ± 50mV
Audio input:	Dual RCA
Adjustment (remote/unit):	Master volume/treble/bass dial, remote control
Speaker unit:	Tweeter: 19mm silk dome tweeter, Bass: 4 inch (116mm)
Dimension:	Active speaker: 154mm (W) × 254mm (H) × 224mm (D) Passive speaker: 154mm (W) × 254mm (H) × 209mm (D)
Weight (net/gross):	Approx. 6.6kg / 7.65kg
