

## Headphone Edifier G3 Black

### Overview :

High Quality Professional USB Gaming Headset  
Digital Audio Processing Technology  
40mm high magnetic neodymium unit  
Blue or red LED light

Don't just play the game, be part of it. The G3 headset takes its design inspiration from sci-fi futuristic games so you feel fully immersed.

Thanks to the Digital Audio Processing Technology (DSP) never go without having a fully realized fantastic sound.

Leather lining provides extreme comfort for long hours of gaming.

Telescopic adjustable headband makes it so you can fit this headset to any size.

Double voice coil CCA adds longer life to your headphones.

40mm high magnetic neodymium unit provides extraterrestrial, clear sound.
