

EDIFIER®

MP202 DUO

Edifier's brand new MP202 DUO is portable 2.0 stereo at its best.

It utilizes True Wireless Stereo (TWS), a brand new platform that allows two speakers to implement true Bluetooth creating a left and right channel when both speakers are paired to become a dual channel system.

When unpaired, the two speakers can operate independently. With MP202 DUO, it's always going to be double the fun, be it indoors or out.

CALLS PORTABILITY MUSIC
