

Usb 3.1 Gen1 & Lightning Dual Flash Drive Apacer AH790 Silver RP

Overview:

iPhone & iPad Memory Too Full. Did you ever have to hold back from filming, taking a photo, or enjoying video entertainment on your device, because of insufficient memory? Easy File Sharing with Dual Interface. AH790 is equipped with Apple Lightning and USB 3.1 Gen 1 Type-A dual interface, allowing prompt and simple data transfers between iOS devices and PCs. The Lightning connector is built extra long to ensure no covers ever had to be removed off a phone during insertion. Zinc Alloy Aesthetics Handsomely encased in zinc alloy, AH790 even has the flexibility to be added with your favorite accessory for a personalized look.

360-Degree Swivel Cap Design The 360-degree swivel cap is designed to pause at four directions to make the spin more precise, always keeping the Lightning connector protected when not in use. **Apple MFi Certified: a Promise of Quality.** Certified by Apple MFi, AH790 functions with a superb quality. Users can rest assured and enjoy their digital life with iOS products. **Easy File Management with iFileBridge App** Apacer iFileBridge is an exclusive app that offers a simple, user-friendly interface to make video plays, data backup, and file sharing as easy as a few finger movements. **Easy One-touch Backup Feature** AH790 is built to overcome memory limitations in Apple products. The "One-touch backup" function can duplicate data from device to AH790, releasing your phone's memory space. **Direct Capture and Store**

When performing memory-intensive actions such as photos and video recordings, there is no need to transfer files from your iPhone to AH790.

With the "capture-and-store" feature, you can do anything with your camera and have high resolution pictures or videos saved directly into your AH790.

Enjoy Video Entertainment on Your Device You can use your AH790 as a personal theater; save the movies you want to watch, and let iFileBridge App play the video for you. **Unlock the Potentials in Your Apple Products** Available in 32GB and 64GB, AH790 frees your iOS products from the default memory limitations
