

Colour option: Black, Burgundy

**PRODUCT DESCRIPTION**

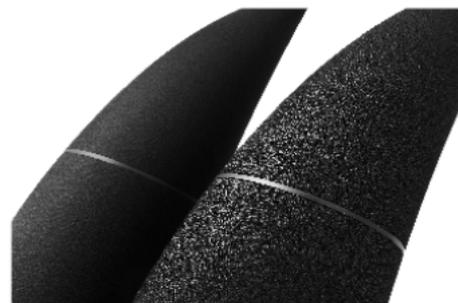

The award-winning Spinnaker by Edifier is an iconic system, standing 15 inches tall the abstract shape is designed to be visually striking as well as a facilitator to enhance the audio performance. The shape projects sound towards the listener with a 19mm silk domed, front facing tweeter, a 2¼ inch mid-range driver, reinforced with a downward firing 4 inch subwoofer in each satellite. The Spinnaker is Bluetooth enabled, allowing audio connectivity to any Bluetooth device that supports both A2DP and AVRCA profiles for versatile track navigation, play/mute and volume adjustment through the multi-functional dome-shaped remote control. The remote control operates on a 433Mhz radio frequency up to a 10M radius making all control options easily accessible without the disturbance of inanimate objects. An optical and auxiliary input port is also available for connectivity to other external multimedia devices simultaneously. A speaker-output port allows an external subwoofer/speaker to be connected for additional base performance, making the Spinnaker a versatile system for both home and office use.

**FEATURES**

- Bluetooth pairing capability with Bluetooth enabled devices
- A2DP and AVRCA Bluetooth profile support within a distance of 10m radius
- Optical input port for connectivity to multimedia systems, gaming consoles and media center
- Auxiliary input port for versatile connectivity to external devices
- Uniquely designed dome-shaped, multifunctional wireless remote with an aluminium shell
- Incorporation of digital sound processing technology (DSP) with separate 6-channel digital crossover for effective sound amplification
- Separate super-bass output port for connection to an external

**SPECIFICATIONS**

Total power output:	RMS 10W x 2 +10W x 2 + 25W x 2
THD + N (testing level):	10%
Signal to noise ratio:	≥90dB
Frequency response:	68Hz - 20kHz +/-3dB on reference axis
Frequency range:	50Hz - 23kHz -10dB
Crossover frequencies:	135Hz -10dB
Distortion:	≤0.5%
Input sensitivity:	780mV±50mV
Audio input:	Bluetooth, Optical, Auxiliary
Audio output:	Bass expansion for outboard subwoofer
Adjustment:	Wireless remote control
Power supply:	Input 100V-240V AC, Output 20V/60W DC
Speaker unit:	Treble: 19mm silk dome, Magnetically shielded, 4Ω Midrange: 2¼ inch (70mm), Magnetically shielded, 4Ω Bass: 4 inch (116mm), Magnetically shielded, 6Ω
Dimension:	140mm x 413mm x 189mm (W x H x D)
Weight:	4.3Kg (net)   5.3Kg (gross)
